### State To Widen Palo Duro Road

Texas State Highway Department has announced plans to modernize FM 217, Palo Duro Highway.

Chili Smith, district highway engineer, said the project will cost \$658,200 but probably will not get under way until some time next fall.

Announced plans call for widening the pavement from the present 20 feet to 26 feet. "There will be two 13-foot traffic lanes instead of the present 10-foot lanes," Smith said. The improvement will also include paved shoulders.

He said the department will also widen the bridge across

Tierra Blanca Creek just east of Canyon.

"It is an old sub-standard road," the district engineer declared, "and we just want to bring it up to date. We have had some complaints about its present condition."

Smith said the road was built back in the 1930s by WPA labor.

It is 11.4 miles in length from the eastern edge of Canyon to Palo Duro State Park.

Smith said the road carries an annual average of about 1,000 cars a day between Canyon and the South Washington Street intersection and about 600 cars daily average from the intersection to the park.

He said there definitely are no plans to begin construction prior to termination of the tourist rush next summer.

### Conference In Theatre Arts At WT

A Children's Theatre Conference will be sponsored by the speech department of West Texas State University and Amarillo Little Theatre Friday and Saturday with about 200 delegates expected.

The conference, which will include children's productions, panel discussions and demonstrations, will be held in the Branding Iron Theatre on campus and at the Amarillo Little Theatre.

Several productions are slated for the Amarillo Little Theatre Friday night including Chanticleer by the Lyric Opera Theater of Arizona State University and Les Masques Blancs by the Pantomime Troupe of Santa Barbara, California.

Friday morning at 11 o'clock Dr. William A. Moore of the WTSU speech department will participate in a panel at ALT on the "problems of touring".

Saturday at 9:30 a.m. a conference will be held.

### Commission Will Rule On Parade

Sponsors of an Afro-American weekend at West Texas State University are expected to appear before the Canyon City Commission at 7 p.m. today to request a permit to parade on city streets.

The city has no such permit but is expected to rule on whether the parade can be held in Canyon.

The sponsors seek a parade route from the city square to WTSU.

Date of the parade is not yet known, but the Afro-American weekend is to be April 17-19.

Sponsors of the weekend activities will be Kappa Alpha Psi and Omega Psi Phi, national fraternities affiliated with WTSU.

### 19,500 Voters Are Registered

Deadline for voter registration concluded at midnight January 31.

According to a report from the Randall County Tax Assessor-Collector's office about 19,500 residents have registered to vote this year.

The breakdown shows Canyon with 6,000 registered and the sub-station at 3806 Bowie, Amarillo, with 13,500. Additional corrections are expected as the final count emerges in a few days.

### Scouts Visit With Governor

Five Boy Scouts have been selected to represent the Llano Estacado Council this week end in Austin for the annual "report to the Governor".

Named from the council district are Mike Lovelady, son of Mr. and Mrs. Harold Lovelady of Rt. 2, Canyon, and Pat Hickman, son of Mr. and Mrs. J. B. Hickman, Canyon. Hickman will not attend due to school activities. Lovelady is a member of Troop 130 at Hollywood Baptist Church.

Other area scouts named were David Keast of Dalhart, Larry Crumley and Jerry Derrick, both of Amarillo.

Selections are made by the district committee following nomination by scoutmasters and various forms of screening out.

The scouts will meet with Governor Preston Smith Saturday following a visit to the House of Representatives of Texas, and a scout parade.

### Hazlewood Places Measure In Hopper

Senator Grady Hazlewood has introduced a bill in the Texas Senate which would give West Texas State University a separate board of regents.

Representative Ralph Wayne of Plainview said a similar measure is expected to be placed before the House within a week.

A bill which would have given a separate board to the university here was passed by the 60th legislature but was vetoed by Governor John Connally.

The Hazlewood bill provides for transferring management of WTSU from the Board of Regents, State Senior Colleges, to a new board to be known as the Board of Regents, West Texas State University.

The board would be formed of nine members to be appointed by the governor. No more than two could be named from the 31st

### Zone Board Holds Meet

The Zoning Commission ruled Monday that it has no jurisdiction over the request by a Canyon resident to locate a trailer home on his property.

Acting on a request by Benito Alderette of 2611 2nd Ave., the commission said zoning ordinances prohibit Alderette from locating a trailer home on the same lot which holds his house.

Four residents in the area concerned expressed disapproval at the meeting of the location.

(See ZONING, Page 12)

### Heritage Foundation Meeting Set

Annual meeting of the Texas Panhandle Heritage Foundation will be held next Thursday, February 13, at the Amarillo Club.

The business meeting will begin at 11:30 a.m. and a luncheon will be served at noon. All interested residents may attend the program. Reservations for the luncheon should be confirmed at the heritage offices, 655-2182, by February 12.

The program will include election of board members, financial reports and plans for the future.

L. P. Gilvin, recently appointed chairman of the Texas State Parks and Wildlife Commission, will speak on the relationships between the Pioneer Amphitheatre and the State Parks System.

### Would Probe Fair Housing

The committee on racial tension at West Texas State University discussed alleged incidents of Canyon apartment owners refusing Negro students housing.

Dr. T. Paige Carruth, dean of student life, was asked by the committee to consult legal counsel and see what laws, if any, are violated by such refusal.

The committee also elected by acclamation Gary Puckrein to be new chairman to replace John Lesly, who resigned before the spring semester at the university began.

Kelley McWhirter was named secretary of the group.

Committee members also discussed ways in which the administration could seek or attract Negro instructors or graduate assistants to teach at WTSU.

Dr. Ray Malzahn, dean of the school of arts and sciences, said several have applied, but WTSU could not meet their salary requirements.

Dr. Malzahn said the university would be glad to hire a Negro instructor, if one could be found who was asked by the university.

### Chamber Banquet To Be Next Week

Annual Chamber of Commerce banquet will be held February 14 at 7:30 p.m. in the east cafeteria at West Texas State University.

Tickets for the banquet have gone on sale at \$3.50 per plate and are available at the Chamber of Commerce office, from directors of the chamber or at West Texas State Bank, Dean House, or the First National Bank, Don Vars.

Highlighting the banquet will be the naming of the outstanding citizen for 1968. The announcement will be made by Dr. James P. Cornette, president of West Texas State University.

Banquet speaker, Philip E. Coldwell, will discuss "Ever Changing World of Finance". He is president of the federal reserve bank of Dallas and has authored several articles for publications of the reserve

banks and is a lecturer at graduate banking schools. He holds a doctorate degree in economics from the University of Wisconsin.

JoZach Byrd, outgoing chamber president, will serve as master of ceremonies and Dean House, new chamber president, will introduce the outgoing directors and members of the chamber board. The guest speaker will be introduced by William Adams.

### Committee Will Meet

Canyon Library Committee will meet at 10 o'clock Saturday morning in the new city annex building.

The group will look over sketches for a new library building. Levi Cole is chairman of the committee.

TWO SETS OF TWINS pose for a photograph at the Canyon Community Concert Association program Sunday. The identical twin girls are Karla, left, and Kim Thompson, CCA members and daughters of Mr. and Mrs. C. S. "Doc" Thompson of Canyon. The concert pianists are Jeffery and Ronald Marlowe of Philadelphia, Pa. About 400 attended the Sunday afternoon concert.

### Federal Approval On Sewer Plant Awaited

BY CARROLL WILSON

The culmination of several years planning by Canyon City Commissioners is expected before March 1 when every facet of the proposed \$275,000 sewer plant southeast of town has finally been approved.

Letting of bids for construction of the plant had previously been stalled in Washington for several months and is now held up again pending recognition by the federal government that the

City of Canyon owns the property upon which the plant is to be built.

But, this final approval is all that remains of a long road of red tape which will soon lead to construction of the plant.

City commissioners first authorized a study of the present facilities in 1967 and McMorries and Associates, engineering consultants, made a 10-page report and recommendation on present and future needs for the city in respect to sewage treatment.

In the report, the engineers said the existing treatment plant "is adequate for approximately 4,900 population, therefore, additional facilities are needed."

McMorries and Associates suggested four plans for the improvements of the plant.

The first plan called for the addition of a contact-stabilization unit at the present site, using existing facilities plus an addition.

This plan, they said, would increase the population design from 4,900 to 17,400 or ample to about 1985.

Cost of the first plan was tallied at \$279,400.

The second plan called for the

purchase of 10 acres of land on the Tierra Blanca Creek where one contact-stabilization unit would be built. The present plant, under the plan, would have

### Scouting's Silver Beaver Award To Meredith Warren

MEREDITH WARREN and wife, Jerri, are shown following the Llano Estacado Scout Council banquet where she was presented with the Silver Beaver award for outstanding contributions to Boy Scouting.

The Silver Beaver Award for service of exceptional character and aid to the Boy Scouts of America was presented to Meredith Warren of Canyon Tuesday night.

Warren, former scoutmaster for BS Troop 31, Canyon, was among four in the Llano Estacado Council receiving the high award.

Introduced by O. W. Bud Parker, Warren was noted for service to scouting since early boyhood including the period 1957-68 when he served as scoutmaster for Boy Scout Troop 31 here. He earned the Eagle Scout award as a youth and is a native of Canyon.

Other recipients of the Silver Beaver were Howard S. Saunders of Amarillo, Dr. Walter S. Moudy, Jr. of Amarillo and Jimmy McFarland of Claude.

Attended by about 450 persons, the annual appreciation banquet for the council was conducted in the east cafeteria at West Texas State University.

John O. Colquitt, Jr., retiring council president, was master of ceremonies as Dr. Tom Haggar of High Point, South Carolina spoke to the group encouraging that "scouting is one way of leading the young people of America". He said that scouts are basically moral education for youth.

Dr. Haggar, a minister, stressed that the life of youths today is complicated by the very

### City To Accept Repo Homes

Canyon City Commissioners set a precedent during a special meeting Tuesday by deciding to permit a Canyon woman to move an FHA repossessed home into the city from Amarillo.

Mrs. Alfred Hamblen of 300 12th St. requested that she be allowed to move the house to a lot adjacent her present home from an Amarillo site.

FHA rulings do not allow house purchasers in Amarillo to move the homes anywhere within the Amarillo city limits, nor within the city limits

of another town without that city's approval.

City Manager Paul Davis said the special meeting was called because Mrs. Hamblen had also requested that she be told about the permit status before placing a bid Friday. Regular meeting for commissioners is tonight.

Davis said the home Mrs. Hamblen would bring in would be an improvement.

Other commissioners agreed.

The commission, in granting

### MOD Count Up To \$710

Total count for the Randall County unit of the March of Dimes has risen to \$710.53.

Additional funds have been turned in after the count of \$650 which was attributed to the "marching mothers" of the city on Sunday, January 26.

### Loop ROW Pact Inked By Court

Randall County commissioners court Monday entered into a contract with the State Highway Department to share cost of purchase of right of way for the southeast quadrant of Loop 335.

Purchase of right of way for the improvement is expected to begin within the next six months and may require as much as three years to complete.

The Highway Department and Randall County will share the cost under the agreement.

The 10-mile loop segment will connect the existing segment of Loop 335 at Washington Street just south of Amarillo to Interstate 40 near Pullman Switch Road.

Existing segment of Loop 335 connects the Canyon Expressway and South Washington Street.

In other business Monday, commissioners agreed to purchase fuel for the next year from Mobil Oil of Canyon, Philgas of

FROM THE

CANYON RIM

Spring always brings excitement to Canyon.

This year a city race is shaping up. Felix Pierce and Walter Shelly are paired off for place 4 on the city commission. Pierce is a fuel dealer and Shelly is on the West Texas State faculty.

Ken Olsen is running to succeed himself in place 5 but I've heard rumors that Charlie Donnell may get into the race against him.

The proposed medians on Highway 87 is going to be the big issue this spring. Pierce has voted against them while Olsen voted for them.

Donnell, a theater operator and former mayor, has been actively crusading against their installation and we can count on hearing a lot more about them before the campaign is over.

The News will attempt to interview each candidate on the issues before city voters go to the polls.

At long last it looks like West Texas State may get a separate board of regents.

Senator Grady Hazlewood dropped a bill in the hopper this week that would make the board a reality if it were to become law.

Ralph Wayne, probably this area's most influential House member, has promised wholehearted support for the measure in the House. He said he expects a coalition of High Plains legislators to get behind it.

Governor Smith has told me more than once that if such a bill appears on his desk after passage by the legislature he will sign it.

Student unrest seems to be increasing across the country. There seems to be a nebulous quality to demands being made on university administrators.

Those involved do not seem to be certain of what they want. Some legislators have even gone so far as to discuss cutting off funds for university departments which have a history for troublemaking.

I talked to Bob Haimes, a WTSU sociology major, about this threat. Of course Bob looked on this with a jaundiced eye.

"It would be a little like throwing out the baby with the bath water," he declared.

I think he is right. I really can't see dispensing with a department just because some people in it insist on misbehaving.

I think the solution is to lay down the law and those individuals—students or professors—who chronically break it should be escorted off the campus, permanently.

I cannot see a school administrator worth his salt abdicating his responsibility to the student body. There are certain aspects of running a university in which the student should participate.

I do not believe these include setting up curriculum and hiring professors.

People spend years becoming experts on curriculum. I just don't believe a college freshman or a post graduate student, for that matter, is qualified to do it.

As for personnel, a man could be a good teacher and still be deficient in qualities, such as ability to cooperate with other faculty members, which would render it unprofitable for the institution to keep him on the staff.

This is not to say that our institutions of higher learning are perfect.

BY ANN BROWN

There are people who actually appear to enjoy being miserable. However, though it may be on the subconscious level, everyone's greatest desire is to be happy. Happiness is every man's privilege, in addition to being his sacred duty. But few people find happiness—unless they abide by the rules of the eternal quest.

We live in an orderly, realistic world. Man is the only creature in the universe that does not follow the prescribed pattern for his conduct. It is tragic that so many men do not know the proper conduct required of them by their Creator; it is more tragic that so many do not care. If man is to be happy, he must fulfill the purpose for which he was created (Rev. 4:11).

Happiness and productivity are two sides of the same coin. Perhaps they are like the chicken and the egg as to which comes first, but one cannot survive without the other.

What is the element that is causing all the trouble in our violence-torn world? Is it the hard-working segment of the population busy providing for basic needs?

Who ever heard of a student who was working his own way through college giving any trouble to the administration?

Our own Opportunity Plan, Inc., stands accused of discriminating against troublemakers in the granting of loans. Are there any contributors to the OPI who would have the officials do otherwise?

The most incomprehensible aspect of our current social unrest is the participation of the clergy on the side of the dissidents. There are seven things listed in Proverbs 6:16-19 that God hates; all of them are troublemakers.

Jesus Christ was the only completely law-abiding man that ever lived on this earth (Matthew 5:17-18). People were first called Christians because they followed the teaching of Christ. How could anyone defy the laws of God or man in the name of Christianity?

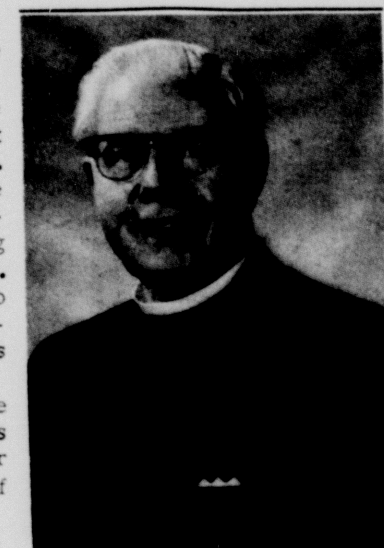

As has been frequently noted, there seems to be no dissension on the campuses of the trade, vocational, military, or technical schools. The liberal arts colleges are the targets of the protesters. The critics insist that the curricula are not relevant to the needs of modern young people. (Remember that only a small minority of students and faculty are protesting.)

Our World

If the liberal arts college does not meet the needs of the protesters, is there any law that forces them to enroll there? Are they not free to leave at any time? By what right does a small minority force their wishes on the vast majority? It seems evident that there is a sufficient number of dissenters to establish a college or two of their own, where they can teach what they please. No one would deny them that right. And surely there is no lack of money. They seem to have ample funds to keep an adequate supply of costly drugs and alcohol, live without work, and travel all over the country to create disturbances.

Surely, young people who cannot keep their bodies neat and clean, or provide for their own basic needs, are scarcely qualified to operate an orderly society.

It is impossible for men to be happy without being productive. If the dissenters would get busy cleaning up their own back yards, they might find they had neither the time nor the desire to make trouble elsewhere.

GEORGE H. QUARTERMAN

Bishop Sets Visitation

Rt. Rev. George H. Quarterman, bishop of the Episcopal Diocese of Northwest Texas, will make his annual visitation to the Episcopal Church University Center at West Texas State University Sunday.

Bishop Quarterman will administer the rite of confirmation and preach at the 10:30 a.m. service. Following the service, an informal reception will be held in the Student Center lounge.

Rev. Charles Pedersen invited local residents to attend.

Visiting in the Roland Johnson home over the past week-end was Mrs. Johnson's parents and brother, Mr. and Mrs. W. L. Stayton and Danny from Grand Prairie, Texas.

### "TEXAS" In Magazine

PALO DURO CANYON was featured in the January-February 1969 issue of "This is West Texas", official publication of the West Texas Chamber of Commerce. Cover of the magazine features a color photo of the Sad Monkey Railroad in Palo Duro Canyon and inside is a double

photo page giving pictures of the canyon and the outdoor drama "TEXAS" with an article relating to the park as Texas' Largest State Park. Shown viewing the article is Mrs. Henry Northcutt of Canyon.

### Cub Scouts Blue-Gold Banquets Set

Annual "blue-gold" banquets for Canyon's Cub Scouts are slated for February.

Cub Pack 31 will have a family event with a covered dish supper February 20 at 7 p.m. in Fellowship Hall of the First Methodist Church. Cubmaster, Meade Michael, will present scout achievement awards and the opening and closing ceremonies will be conducted by scouts.

Sponsored by First Baptist Church, Cub Pack 97 will conduct the annual banquet at 7 p.m. February 22 in the cafeteria at Rex Reeves Elementary School. Each den will present skits on the program.

Cub Pack 66 will highlight the blue-gold banquet program with a film on wildlife to be narrated by a representative of Buffalo Lake National Wildlife Refuge. The banquet will be February 25 at First Christian Church at 7 p.m., according to Brad Coleman, cubmaster.

### News Brief

Visiting with Mrs. Mamie Bewley for the past two weeks has been her son, Bill, from San Bruno, California.

Bill also visited with his brother, Jess Bewley, and family and with other relatives in the area.

### H.T. Carr Cubmaster

Dr. Hiram T. Carr has been appointed Cubmaster of Pack 97 of Canyon's Cub Scouts of America.

Dr. Carr is filling the position vacated by Charles T. Day. The Carr family moved to Canyon in 1966 after Dr. Carr received his Doctor of Medical Dentistry Degree at the University of Louisville in Louisville, Kentucky.

Dr. Carr was in scouting when a boy and also served as Cubmaster from 1943-1945 at Post,

### Weather Records

Below are the readings from the Canyon Weather Station on the campus of West Texas State University. These are for the days of January 29, 1969 to February 4, 1969.

Day	High	Low	Precip
29	62	33	0.01
30	49	21	0.00
31	60	29	0.00
1	60	20	0.00
2	42	31	0.00
3	51	11	0.00
4	53	19	0.00

We recorded only 0.05 inches of precipitation in January 1969; 0.04 inches of this was in the form of snow on January 10. This precipitation total compares with our 17 year normal of .32 inches, which is the lowest normal for any month of the

year. In 1968 we received 24.10 inches of precipitation, well above our yearly average of 17.55 inches. Most of the excess occurred on August 29 when we received a downpour of 7.87 inches.

The weather has been nice and warm-but dry and windy.

Mr. and Mrs. Butch Parker left for Denver, Colorado recently where he will work for Humble Oil Company. Their daughter, Denette, will stay with her grandparents, Mr. and Mrs. Nig Whitson, until the Parkers get located.

Rose and Elvin Wesley have both been ill with severe colds.

Gordon Miller had the lower lobe of his lung removed for a

malignancy but is reported to be recovering well.

Richard and Ora Evans visited with a friend in an Amarillo hospital recently.

Word from Mary Jo and John Sullivan who are now living in Tripoli, Italy, shows that the weather is cold, rainy and lots of snow. They report having seen the sun for only three days during January and school buses can't run because of the ice and hills. The Sullivans stated that their work is rewarding as attendance at the church is increasing each Sunday.

### FHA Banquet Is Saturday

Annual awards banquet for Canyon High School chapter of the Future Homemakers of America will be held Saturday at 7:30 p.m. in the CHS cafeteria. Texas FHA president, Thel Daniels of Spearman, will be guest speaker.

Awards on the program will include the naming of FHA sweetheart, FHA beau, outstanding FHA member, various degree awards and recognition of chapter parents.

The formal occasion will conclude with a dance in the high school commons from 8:30 until 11:30 p.m.

### Heart Drive Plans Made

Randall County chapter of the American Heart Association discussed final plans for a city-wide campaign to be conducted February 17-22 at a meeting Monday night.

Levi Cole is fund director for the campaign. A county goal of \$1,500 has been set. Last year the drive was conducted on Heart Sunday with collections of \$600 and additional funds received later for memorials.

The citywide drive will be conducted throughout the week this year, according to Cole. Heart Sunday is February 23.

Working on the drive will be members of Zeta Tau Alpha social sorority, Alpha Kappa Psi business fraternity, Pleasantview Home Demonstration Club and about 20 scouts from Troop 66.

### Reugh Paintings In Museum Exhibit

Paintings from a collection by Frank Reugh, Texas artist, will remain on exhibit in the art gallery of the Panhandle-Plains Historical Museum during February.

According to Boone McClure, museum curator, about 500 paintings are included in the Reugh collection.

### Textbook Meet Set

A textbook hearing for elementary and secondary level education will be conducted at Tascosa High School in Amarillo Saturday.

Mrs. Ocoee Holt, elementary level textbook chairman, and Hobart McDonald, secondary level textbook chairman (grades 7-12), will attend the sessions along with classroom level chairmen from schools of the Canyon Independent School District.

Jerry Jacobs, school superintendent, serves as chairman for the county textbook committee.

### FFA Places Six Animals

Six placings were earned by Canyon High School members of the Future Farmers of America at the junior division of the Fort Worth Fat Stock Show last week end.

Rick Hales placed his animal second in the heavy-weight Duroc class and also earned the reserve grand champion title. The animal which placed ahead of the Hales' animal went on to win the reserve grand champion of the junior show.

Other placings from CHS were Ralph Batenhorst, eighth in light-weight duroc; Howard Koch, fourth in light-weight chesters; Larry Robinson, ninth in light-weight duroc; and Frank Booth, 16th in lightweight spotted poland china.

The local delegation was in

Fort Worth from Wednesday through Saturday, accompanied by Jim Walker, vo-ag instructor.

Next event for the FFA chapter will be participation in the San Antonio Junior Livestock Show. They will leave Canyon Feb. 9 for that show.

### Pinocchio Show Given

Alpha Psi Omega, dramatic fraternity at West Texas State University, presented the play "Pinocchio" for the Hereford Community Players in Hereford last week.

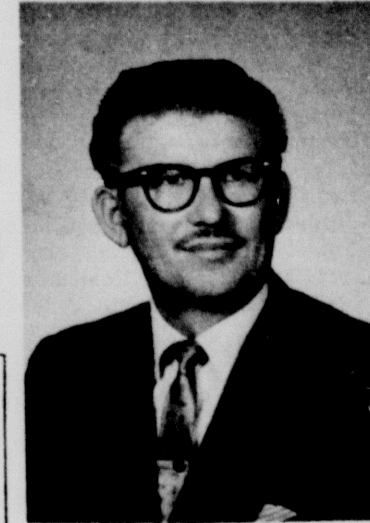

According to Dr. William A. Moore, the fraternity added \$140 to the chapter's scholarship fund as a result of the road show.

### Claud Mickey On Mission Trip

Claud Mickey left for Malawi, Africa in late January.

Mickey, son of Mr. and Mrs. A. R. Mickey of Canyon, will spend two months in Africa as an evangelist for the Churches of Christ.

He was accompanied by Stephen R. Keller of Sterling, Ohio.

Students performing on the trampoline from the sixth grade were, back row, left to right, Terry Hartline, Mike Arp, Larry Spring, Greg Dodson, and Mike Childers. Front row, from left, are Cathy Melton, Tonya Riley and Susan Armstrong.

### Gene Howe News

BY JOAN FOWLKES

Mrs. Gene Bural is recuperating at home from a broken leg after a ski trip to Red River last week end.

Others along on the trip included Mrs. Bural's family and a cousin, Mrs. Ray Lawson.

Guests spending the week-end in the Jerry Davis home last week were Mr. and Mrs. Dale Davis and children from Pampa.

Mrs. R. J. Fowlkes is visiting in St. Joseph, Missouri with her son and his wife, Mr. and Mrs. Dale Fowlkes, and grandchildren, Cindy and Alicia.

Dale and his family recently moved from the Canyon area when he was transferred by the government. Cindy and Alicia were students in the 4th and 6th grades at Gene Howe Elementary School.

Pairs 'n Squares square dance club of Amarillo gave a "going away" party for the Jerry Davis family who is moving to Lubbock.

Davis works for a lumber sales company. Three of their children will be leaving Gene Howe School and another has been attending Canyon Junior High.

## Miss Teague-Taylor Wed In Shallowater

First Baptist Church of Shallowater was the setting for the marriage ceremony Saturday uniting Miss Norma Jean Teague and Wilford Taylor III.

The bride is the daughter of Mr. and Mrs. Norman Teague of Shallowater.

Parents of the bridegroom are Mr. and Mrs. Wilford (Bud) Taylor, Jr. of Canyon.

Officiating at the double ring ceremony was Rev. Edgar M. Jackson, former minister of First Baptist Church of Shallowater, who now teaches at

Hardin-Simmons University in Abilene.

Miss Cheryl Bennett of Shallowater served as organist. Soloist, Mrs. Lance Morris of Lubbock, sang "One Hand, One Heart", "With These Hands", "With This Ring" and "Lord's Prayer."

The ceremony was conducted in a candlelight setting. Serving as ushers and candlelighters were Gregory Teague and Ronny Teague, both of Shallowater and brothers of the bride.

Maid of honor was Miss Glen-

da Jo Baker of Shallowater and Mrs. Danny Lawrence of Fort Worth was bridesmaid. They wore street length dresses of wine velvet featuring A-line skirts and empire waistlines accented with pink bows, pink headresses and gloves. Their bouquets of pink carnations

were centered with three wine sweetheart roses and accented with pink streamers.

Flower girl was Wendy Kastrof of Great Falls, Montana, niece of the bridegroom. Ring-bearer was Barry Rhodes of Shallowater.

The bridegroom's father

served as best man. Groomsman was Royce Gum of Dallas.

Given in marriage by her father, the bride wore a floor-length gown of white peau de soie with lace overlay featuring an A-line skirt, petal-point sleeves and an empire waistline accented with a peau de soie bow. Her bouquet of white sweetheart roses surrounded an orchid.

Fellowship Hall of the church was the site for the wedding reception where Mrs. Lance Morris sang "More" and "Whither Thou Goest" accompanied by Miss Cheryl Bennett. Miss Bennett also provided appropriate background music for the reception.

For a wedding trip to points in New Mexico, the bride changed to a beige dress with bone accessories and complemented the ensemble with the orchid from her bouquet.

The couple will establish their home at 2930 Kings Road, Apartment 227 in Dallas.

A graduate of Shallowater High School, the bride was a junior elementary education major at Texas Tech in Lubbock and was formerly employed at Shallowater Airport.

The bridegroom graduated from Canyon High School and West Texas State University with a BBA degree. He is currently self-employed in the aircraft insurance business in Dallas.

Mrs. Wilford Taylor III

## December Vows Unite Couple In Michigan

Miss Mildred Patricia Lyons became the bride of Eugene Sherwood Blasdel at the First Presbyterian Church of Ann Arbor, Michigan December 28 when double ring vows were confirmed by Dr. John Waser, director of Christian Education for the church.

The bride is the daughter of Mr. and Mrs. Grady D. Lyons of Richmond, Indiana. Parents of the bridegroom are Mr. and Mrs. Sherwood L. Blasdel of Canyon.

Church organist, Mrs. John Van Der Veld, presented appropriate wedding music including "Christmas Carol" as the recessional. Two seven-branch candelabra and two white altar arrangements of roses and carnations accented the church.

Miss Priscilla Lyons, sister of the bride, was maid of honor. She wore a formal floor-length gown styled in red crepe with an A-line design. Venice lace trimmed with matching velvet ribbon accented the short sleeves and formed the high stand-up collar. The back yoke featured a floating panel which extended into a semi-train effect. The costume was complemented with a veil secured by a coil of red velvet roses.

Bridesmaids were Miss Terry Blasdel, sister of the bridegroom, and Miss Kayoka Terao. Their attire was styled similar to the maid of honor. Miss Blasdel's gown was rose and that of Miss Terao was in a shade of light pink.

The bridegroom's father, L. Sherwood Blasdel, served as best man. Groomsman were Chris Blasdel and Santiago Charleston.

Given in marriage by her father, the bride wore a gown which she had designed with a formal floor-length skirt. The gown of traditional candlelight ivory peau de soie featured a raised bodice with long sleeves, styled with bridal points, and an A-line silhouette skirt. The detachable cathedral length train fell into a cascade of pleats from the natural white mink standup collar. The bridal costume was complemented with a three tiered fingertip veil of candlelight ivory English illusion and was held to ivory sweetheart roses. She carried an arm bouquet of ivory long-stemmed roses tied with ivory ribbon streamers.

The bride's train to the gown was carried by Miss Lorene Megweron. She wore a pale pink long-sleeved velvet dress trimmed with white Venice lace.

Reception was conducted in the Curtis Room of the church after the ceremony. Decorations were arrangements of red, pink and ivory roses lighted with candles. The four-tiered wedding cake was topped with a colonial arrangement of ivory sweetheart roses.

For a ski trip to the Rocky Mountains in Colorado, the bride changed to a self-styled two piece white wool dress accented with white mink boa and complemented with black leather accessories.

The couple will establish their home at 2250 C Ram Place, Apartment 8, Ann Arbor, Michigan.

The bride earned the BA in foreign languages from Earlham College in Richmond, Indiana. She did graduate work at the University of Madrid in Spain, University of Hawaii and the Tokyo Tower Language Center in Japan. She presently teaches Spanish at Waterford Township High School in Pontiac, Michigan.

The bridegroom earned the BA in geology from Earlham College in Richmond, Indiana. He is presently doing graduate work at the University of Michigan and has recently been accepted into the doctoral program of the geology department. He was recipient of the National Science Foundation traineeship and teaching fellowship from the University of Michigan.

Palo Duro Rusk Home Demonstration Club met at the home of Mrs. Roger Dugan last Tuesday with 10 members present and one guest.

Roll call was answered with "hints on storing drugs". Minutes of the last meeting were read and approved and the treasurer's report was given. A council report was given by Mrs. Alvin Kuhlman.

It was announced that the district meeting will be held in Amarillo March 5 with Mrs. LeRoy Bauer, president of the Palo Duro Rusk HD Club, as one of the three delegates from Randall County.

The club also voted to accept council recommendations for 1969. Members were reminded of the program to be held February 5 at the Farm Bureau Building.

Next meeting for the club will be at the home of Mrs. Charles Conatser, February 11.

## Dr. Tarrab Addresses AAUW Group

Dr. Miguel Tarrab discussed "International Policy: An American Dilemma" at Saturday's meeting of the American Association of University Women, Canyon chapter.

Dr. Tarrab explained the ways that American aid and policies have had results throughout the world including reference to Latin America, India and Africa.

A special guest at the meeting was Tarrab's sister, Alicia Necochea, from Madrid, Spain, formerly of Cuba.

The meeting was conducted in the home of Mrs. George L. Blackwell with Mesdames Don Dolle, Earline Moreman, A. W. Mack and Nora Gilmore as hostesses.

Next meeting for the AAUW chapter will be March 1 at 2 p.m. in the W. M. Stoker home, 2614 Ninth Avenue, when the program will be a panel moderated by Mrs. Dan Sanders on "The Generation Gap".

## J. E. Millers On Bahama Trip

Mr. and Mrs. James E. Miller leave Thursday for a business trip to Grand Bahama Island.

The Millers will stay at the Grand Bahama Hotel in West End, Bahama while attending a regional meeting for the Hamilton Management Corporation.

Enroute back to Canyon, the Millers plan to visit the eastern United States with stops in Philadelphia, Pennsylvania, Washington D. C., New York City, New York and spend several days at Somersdale, New Jersey as guests of their son, James W. Miller, and his family.

The J. E. Millers were in Hawaii during early January for a combined business and pleasure trip. They stayed at the Royal Hawaiian Hotel at Waikiki Beach on the Island of Oahu.

While in Hawaii, the Millers toured the islands, went sight-seeing, and visited Pearl Harbor Naval Base. Returning to the States, they stopped in Los Angeles, Calif., for a visit with their son, Ralph, and family. Ralph is in the U. S. Air Force.

## Palisades HD Club Has Meet

Palisades Home Demonstration Club met last Thursday in the home of Mrs. Jai-rrel Moore for a regular business session with Mrs. Garland Turner, president, in charge.

The program featured French cooking based around cheeses.

Plans were discussed for the next meeting to be held in the home of Mrs. E. E. Tate, when the program will include beauty tips and a film.

March 21-22, and FHA Week observance during March.

Fifty-five chapter members were present. Sponsor for the group is Mrs. Nadene Lyles.

## Wagon Club Meets Tonite

Election of officers and plans for the coming year will highlight a meeting of the Welcome Wagon Club of Canyon tonight, Thursday, at 7:30 p.m. in the Christian-Presbyterian Student Center, Fourth Avenue and 24th Street.

Temporary chairman, Mrs. Roy Leavitt, will be in charge of the business session which is open to all new residents of Canyon.

Hostesses will be Mrs. Rowie Durden and Mrs. Don Baird, Welcome Wagon counselors in Canyon.

GINGER CURRIE, program chairman, right, presents a thank you gift to Linda Blakemore, West Texas State University junior from Borger, who presented a program of spirituals for the Junior High chapter of Future Homemakers of America.

## Taste Of Wine Topic For WMS

"The Taste of New Wine" by Keith Miller was the title of the book report by Mrs. Bertha Matlok at the Women's Missionary Society meeting, Tuesday morning at the First Baptist Church.

Mrs. Grace Knighton, president, presided at the meeting which is held on the first Tuesday of each month.

A covered dish luncheon was served upon adjournment of the meeting.

## Twenty-Six Locals On University Honor Roll

Twenty-six Canyon students at West Texas State University have earned a place on the university's honor roll for the fall semester.

A total of 179 students were listed on the honor roll, which was released earlier this week by Registrar Donald Cates.

The roll lists students with

grade-point averages of 2.5 and better.

Five Canyon students garnered perfect 3.0 records for the semester. A total of 21 students were named on the perfect list.

Canyon students with 3.0 averages are Susan Brantley, a sophomore; Coy Sehorn, a sophomore; Elva Sheple, a senior; Linda Taylor, a senior; and Tommy Thompson, a sophomore.

One student from Canyon had a 2.9 average. She was Karyn Johnson, a freshman. Only four WTSU students held a 2.9 average.

An average of 2.8 was held by six Canyon students. They are Charlott Baker, a sophomore; Kenneth Bloesser, a senior; James Cook, a senior; Carol Elliott, a senior; John Hillen Jr., a senior; and Mary Mitchell, a freshman.

Two Canyon students were listed on the roll for a 2.7 average. They are Janis Patton, a senior; and Jan Williams, a freshman.

Five local students have 2.6 averages. They are Sheila Abbott, a sophomore; Freddie Askew, a senior; Larry Barclay, a freshman; Kathleen Brown, a freshman; and Michael Culwell, a junior.

An average of 2.6 was held by four local students. They are Randall Price, a freshman; Donna Stears, a senior; James Westfall, a sophomore; and Bobby Williams, a freshman.

Four Canyon students held a 2.5 average. They are Andy Sherrod, a freshman; John Warren, a junior; and Ophelia Williams, a freshman.

### News Brief

Mrs. Grace Knighton has returned from a 4-week visit in Miami, Florida with her son and his family, the Bill Knightons.

The Knightons, formerly of Canyon have three children, Genie, Neal, and Kathy.

Mrs. Knighton then visited two more weeks with friends and relatives in Houston, Austin, Corpus Christi, and San Antonio before returning home last week.

## NOTICE OF INTENTION TO INTRODUCE A BILL IN THE LEGISLATURE OF TEXAS

Notice is hereby given of the intention to introduce a bill in the 61st Legislature, Regular Session, 1969, creating and establishing a conservation and reclamation district under the provisions of Article 16, Section 59, Constitution of Texas, the general substance of which contemplated law is as follows:

AN ACT creating and establishing a conservation and reclamation district under Article 16, Section 59, Constitution of Texas, known as "Lake Tanglewood Utility District"; declaring district a governmental agency, body politic and corporate; defining the boundaries; finding the field notes and boundaries form a closure, and related matters; finding benefit to all property within the district; finding district is created for public use and benefit; conferring on district the rights, powers, privileges, authority, and functions of the general laws of Texas applicable to water control and improvement districts created under said Article 16, Section 59, where not in conflict with this Act, and adopting same by reference; providing for continuing supervision by the Texas Water Rights Commission; stating the policy of the State with regard to waste control; prescribing the district's rights, powers, privileges and functions, and related matters; providing for no election for confirmation; providing for no hearing for exclusions except on written request or the board of directors' own motion; providing for notice of right to have an exclusions hearing; providing for no hearing on plan of taxation and adopting ad valorem plan of taxation; providing for addition of land to district and the assumption of bonded indebtedness by the added land, and related matters; providing for governing body of district; providing for qualifications and bonds of directors; naming first board of directors; providing for the filling of vacancies; providing for terms and election of directors and notice of directors elections, and related matters; providing for the letting of construction contracts and the drawing of warrants; providing for execution of contracts by the president; providing duties of vice-president; providing for compliance with Article 7880-139, V. T. C. S.; providing for bonds and refunding bonds of the district, and related matters; providing for approval of bonds by the Attorney General of Texas and registration by the Comptroller of Public Accounts; providing for the incontestability of bonds; providing the power of eminent domain shall be limited to the county or counties within which district is situated; providing district shall bear expenses of relocating, raising, or rerouting any highway, railroad, or utility lines or pipe lines made necessary by its exercise of the power of eminent domain; defining "sole expense"; providing for depositories; providing for an audit, and related matters; providing for the establishment of district offices, and related matters; providing for powers of district within and without the boundaries of district; providing for a plumb line code; providing for the sale of bonds and the price of such bonds; providing that Article 7880-77b, V. T. C. S., shall not be applicable to this district; providing that notice of all elections shall be under the hand of the president or secretary; providing for the canvassing of election returns; providing that bonds and refunding bonds of this district shall be eligible investments; providing that the Municipal Annexation Act shall have no application to the creation of this district; providing that district is subject to provisions of Article 1182c-1, V. T. C. S.; determining and finding the requirements of Article 16, Section 59(d), Constitution of Texas as to notice of intention to introduce this Act have been fulfilled and accomplished; providing the district shall not be required to pay any tax or assessment on its properties or any purchase; enacting other provisions relating to the aforementioned subjects; providing a severability clause; and declaring an emergency.

The boundaries of said District in said contemplated bill are as follows:

Lying wholly in Randall County, Texas, and being 1208.59 acres, more or less, comprising a part of Sections 9, 10, 23, 24, 41 and 42 in the I. & G. N. Railway Company Survey, and being more fully described by metes and bounds as follows:

Beginning at the northwest corner of said Section 10, said point marking the northwest

corner of the herein-described tract.

Thence, South 5280 feet along the west line of said Section 10 to the southwest corner of said Section 10, also being the northwest corner of Section 23.

Thence, South 1502.42 feet along the west line of said Section 23 to a point for corner located in the Caprock of Palo Duro Canyon. ("Caprock of Palo Duro Canyon" hereinafter referred to in these field notes is defined as that meandering exposed ledge commonly used in describing the metes and bounds of Palo Duro Canyon.)

## Marlowe Pianist In Concert Here

Jeffrey and Ronald Marlow, duo-pianists, performed the final program of the Canyon Community Concert Association series Sunday afternoon before a crowd of about 400 persons.

The identical twin brothers performed superior on team work numbers and excelled as individual artists, according to local reviewers. They made their debut as youngsters at the age of eleven in an appearance on the Milton Berle Show and that same year performed with the Philadelphia Orchestra. These appearances brought more concertizing and television appearances.

Local citizens were enthusiastic with their comments about the program.

George Eason, piano instructor at West Texas State University, was particularly pleased with presentation of Variations on a Theme by Haydn. He remarked "brilliant with unique warmth."

Local piano teacher, Mrs. Bill Evans, was "thrilled with their rendition of the Sonata in D Major, K. 448 by Wolfgang Mozart" and was also complimentary of the Brahms work.

Avid sportsmen, the twin pianists also spend time fishing on the Maine coast when time permits.

They travel by car with their own 7 foot pianos

Junior College transfers who have signed with the Buffs of West Texas State University are, (front row, l to r) Rick Watson, Joe Fiola, Jeff Maillard, Roscoe Zierlein, Tony Dossetti, Marty Dupire, Bill Summers, Robert Jackson, Rocky Thompson, Charlie Reade, Ram Faleafine and Grant Webster.

## Bufs Down PAC Broncs, Record Stands At 14-4

The Pan American College Broncs, averaging a half-inch height advantage per man over the West Texas State University Buffs, could not use that advantage Tuesday night as they fell to the West Texans 91-63 in the Canyon fieldhouse.

The Broncs, who finished the season last year with a second place in the NCAA College Division Southwest Regional Tournament, added another loss to their previous 5-12 record.

The Buffs now stand 14-4. The Buffs seemed not above par Tuesday and appeared to play another of their proverbial just-hard-enough-to-win games.

All-American candidate Simmie Hill hit only 20 points for the Buffs, below his previous 24.0 average per game.

About the only place the Broncs height advantage became apparent was on the backboards as they pulled down a total of 48 rebounds to WTSU's 43.

During the first half, the Buffs pulled off to a quick lead and

## Eagles Will Test Muleshoe Mules

The Canyon Eagles, following a humiliating defeat Friday night to Perryton, will try to regain their composure against the Muleshoe Mules Friday night in Muleshoe.

The Eagles, standing 4-2 for district play, whipped the Mules by 60 points--91-31--in play Jan. 17.

Perryton edged the Eagles 80-69 Friday to gain first place in the district. Canyon and Perryton had been tied for the berth prior to the game.

The Mules, although it boasts a height advantage over the Eagles, are not as fast as Canyon and were unable to use their height in the last outing.

Jim Putman, 5-10, will be a major threat to Eagle supremacy. Putman scored 14 points in the last Mules-Eagles square-off.

Lionel Patterson, 6-3, will also be a threat on the boards to Canyon as he tries to outdo Steve Butler, 6-2, Eagle tall man.

Patterson scored nine points in the last battle.

Jackie Thrasher, Canyon scoring ace, had a good night when the teams last met, hitting 26 points, 24 of them from the field.

Jerry Landrum, too, had a good shooting spree, hitting 14 points.

Butler accounted for 11 and reserve Lynn Salmon hit 10.

Coach B. B. Kendrick may not use his extras much as the Mules try to use their height to keep the Eagles out of range. The Mules, in the last battle, also tried playing a little ball control.

Butler, Thrasher, Lon Conner, Chris Gerald and Steve Landrum are probable Eagle starters.

Muleshoe starters will probably be Rick Botkin, 6-2, Ronnie Barrett, 6-2, Patterson, Putman, and Dennis Beene, 5-9.

The game begins at 8 p.m. with junior varsity and sophomore games preceding the finale.

## Thirteen Sign Pact With Buff Football

Thirteen junior college transfers have signed with the Buffaloes of West Texas State University to play football.

Perhaps one of the most outstanding of the transfers is Rocky Thompson of Salinas, Calif. Thompson was the national junior college scoring champion and was an all-American at Nartnell Junior College. He plays halfback.

Another outstanding prospect is Ramese Faleafine of Honolulu, Hawaii, the outstanding offensive back at Palomar Junior College in California. Faleafine played fullback there.

Two other good prospects are Joseph Fiola from Citrus Junior College and Tony Dossetti from Merced College, both in California. Fiola, a defensive tackle was second team all-conference there. Dossetti, a tackle, was all-conference.

Jeff Maillard from Hartnell College, also, was all-league defensive captain as a linebacker.

Robert Jackson from Ranger Junior College was an all-conference flanker.

Sid Goff from Tyler Junior College is a 238-pound center.

Other transfers are Roscoe Zierlein of Baytown, Dennis Bell, of Kansas City, Charlie Reade of Whittier, Calif., Rick Watson, Grant Webster of Ventura Junior College and Marty Dupire.

## Cowboys Place 3 On Team

Three senior students of Happy High School have been named to the All-West Texas Academic Football team.

Included on the selection roster were Wickey Culp, back defensive unit, with a scholastic average of 95.0; Terry Wright, lineman, offensive unit with an average of 94.0; and Steve Vernon, lineman, offensive unit, with an average of 92.5.

The three students are sons of Mr. and Mrs. Everett Culp, Mr. and Mrs. S. N. Wright and Mr. and Mrs. Clovis Vernon.

The All-West Texas Academic Football Teams were announced by the West Texas Chamber of Commerce. Nominations were made from the more than 400 high schools in the 132 county area served by the WTCC.

## Girl Eagles Lose Game

Spearman's Lynxettes defeated the Canyon girl Eagles 59-51 Tuesday night in a non-conference basketball game at Spearman.

The Lynxettes took a 4-point lead in the first quarter and then widened the margin to 26-19 by half time. The Eagles trailed by 11 points 44-33 by the end of the third.

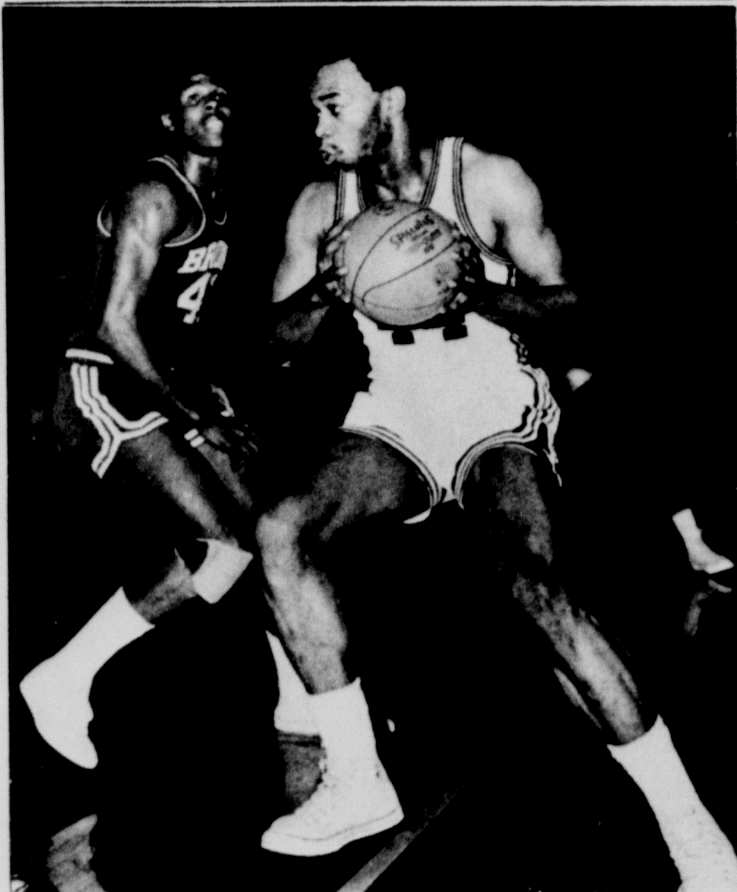

They staged a fruitless rally in the fourth period but still were unable to close the gap.

Pam Richardson was high scorer for the Eagles with 31 points. Susan Swartzell scored 12; Linda Lehman 2; and Judy Davis, 6.

The Eagles scored 70 percent from the free throw line and 56 percent on field goal tries.

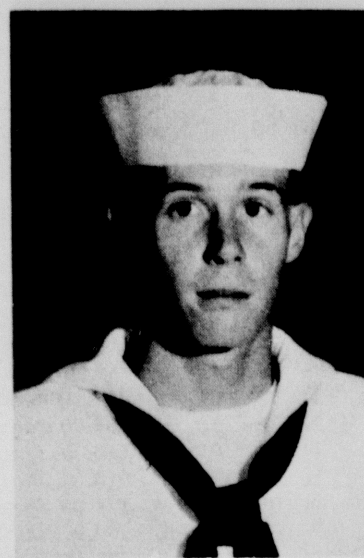

There was no Junior Varsity game.

The Girl Eagles entertain Muleshoe here Friday night in a conference game. The Junior Varsity will play at 6:30 o'clock and the varsity at 8.

Simmie Hill gets ready to drill one in for West Texas Tuesday night as the Buffs humiliated Pan-American in the WTSU field house. The Buffs won the game by a lopsided score.

been also used. Total cost for the second plan was about \$323,000.

Plan three called for the purchase of 10 acres of land south of the present plant. It, too, called for the contact-stabilization type equipment. The plan included continued use of the present plant, but only with partial flow. Cost for plan three would have been about \$298,500.

The final plan submitted provided for abandonment of the present site and installation of two units providing for population of 20,000 until 1990. This plan would have cost almost \$500,000.

Commissioners decided on plan one and purchased additional acreage at the present site to bring land total there to about 53 acres.

Under the adopted plan, the sewage treatment process will be changed from the present trickling filter type to the contact stabilization type.

City Manager Paul Davis said the latter type is one of the most modern. He said the effluent will be much better treated. The present process doesn't allow the effluent to be treated long enough.

Following approval of the plans, commissioners called for a bond issue last spring of about \$200,000. The issue passed and the commission applied for funds from the Federal Water Pollution Control Administration totaling \$75,150.

But, Davis said, because of President Johnson's freeze of certain federal funds, Canyon's request was not granted until about two weeks ago.

"Another delay," the city manager said, "was that we had some complaints from people who live on the creek," into which effluent from the present plant flows.

At that time, the city was seeking a state permit for the sewer plant site.

A public hearing resulted in several persons arguing that effluent from the plant was killing trees and fish in the creek.

Upon investigation by a state team, the plan was approved.

Now, final approval is awaited from the Federal Water Pollution Control Administration on the city's ownership of the property.

When that is received the city will advertise for bids and construction is expected to begin shortly after that.

In addition to the contact-stabilization plant which will be proposed to prospective bidders, the city authorized McMorris to add an alternate plan to the proposal for a new oxidation-aeration type plant.

Davis said the oxidation-aeration type plant would cut operation cost of the facility by 50 per cent to 60 per cent.

He said the new type has just recently been approved by the Texas Department of Health.

## Grazing Warning Issued Silver ...

John O'Connor issued a warning to area farmers and ranchers this week concerning proper grazing--a conservation practice which he said can increase and insure net profits from rangeland for many years in the county.

## Scout Week Observance Slated Here

Boy Scout Sunday will be observed February 9 by the scout troops of Canyon with individual troops attending local churches.

The annual week, February 7-13, will also be promoted through poster and display arrangements in local businesses and the public schools.

Two scout troops leave Friday afternoon for week ending at Red River, New Mexico.

Troop 31 will leave the First Methodist Church at 4 p.m. Friday with about 30 boys and 16 parents for a week end of skiing, according to Roy Lyles, scoutmaster.

Annual ski-trip for Troop 66 will begin Friday at 4 p.m. when the group leaves from the First Christian Church for Red River. Scoutmaster is Charles Peckenpaugh.

Troop 197 is currently making plans for a skiing trip to Red River later in the month, according to Newton Richardson.

Highlighting the month for Cub Scouts will be annual Blue and Gold parent banquets.

fee will be held in the Intimate Theatre of the Fine Arts Building with Mrs. Margaret Moore as hostess. Purpose of the coffee will be a get-acquainted session for conference speakers, Ann Stahlman Hill and Shirley Trusty, and university students.

A luncheon Saturday noon will feature Shirley Trusty of New Orleans on the topic of vitalizing dramatic literature for classrooms. Decorations for the luncheon will be handled by the Buffalo Masquers of WTSU. Also on the program will be Dr. Crannell Tolliver, chairman, department of speech at WTSU; Dr. James P. Cornette, WTSU president; and Dr. Zell SoRelle of WTSU. The luncheon will be in the east dining hall at West Texas State.

Demonstrations on wig-making and creative dramatics will also be included in the conference sessions.

Saturday productions in the BIT will include Grammer Gurton's Needle by Texas Women's University at 11 a.m.; Aesop's Fables by the Pickwick Players of the Midland Community Theater at 1:30 p.m.; and Pinocchio by the WTSU chapter of Alpha Psi Omega at 3 p.m.

Following the admission of regular delegates to the productions remaining tickets will be available to the public at the box office. Alpha Psi Omega chapter at WTSU will host university age students following activities on Saturday.

The conference will conclude with George Lashaw, professional puppeteer, giving evaluations and reviews of the various conference productions.

In conjunction with the conference, the WTSU art department will feature a show of oil paintings, water colors, pastels and drawings by Mrs. Barbara Schaffner of Hereford. The art exhibit will remain on display for a week in the FAB lounge.

soil conservation service, said proper grazing use "is the management of rangeland and grazing animals in such a way that about one-half the grass produced in a year is left at the close of the grazing season."

By practicing proper grazing use, a farmer or rancher insures his rangeland against serious deterioration, he said. "At the same time, he is making it possible for the soil to take up more water and to keep this water in the soil where it can be used for grass production for a longer period of time," he said.

## Farquhar Employed At Hunsley

Vern Farquhar has been employed as pro at the Hunsley Hills Golf Course, according to Tom Rose who operates the course.

Farquhar has been employed as pro at the Ross Rogers Golf Course in Amarillo for the past 17 years and is retiring there this month.

He has worked at Ross Rogers and Phillips Country Club.

He is one of the organizers of the Amarillo Invitational Partnership Golf Tournament, the first of its kind in the nation.

Ross Rogers has grown from 18 to 27 holes during Farquhar's tenure as a pro. He designed and supervised the building of the new golf holes.

Clarence Youngblood of Dallas, deputy regional scout executive, conducted the installation of council officers including L. Ray Vahue who was installed president.

Included on the council executive board were several men from Canyon including Joe H. Gidden, W. B. Harris, Oscar Hinger, Lee Roy Moreland and O. W. Parker. Honorary members of the executive board from Canyon are Dr. James P. Cornette and Dr. J. A. Hill. Dr. Hill was recognized on the program as the oldest member of the executive board at the age of 91.

In addition to Silver Beaver awards, a service gift of cash was presented to former scout executive Joe Niedermeyer. Other awards were a scouting skill award for life saving to scout Mike Palmer, a 50-year award certificate to Sam D. George, and a past president's gift to John O. Colquitt, Jr.

The program also included a musical medley of patriotic music by the Tascosa High School Choir, directed by Bill Carmack; invocation by Rev. V. P. Perry, pastor of Mt. Zion Baptist Church; and dinner music by Mrs. Charles D. Van Vliet.

Dr. Crannell Tolliver of 2607 3rd Ave., said location of the trailer at 2611-D 2nd Ave. would lower property valuations in the area. The other protestors concurred.

Alderette said he wished to put the trailer on the lot to house his ailing mother, who is presently living with him.

Upon questioning by Bernard Warren, commissioner, it was established that Alderette wished to locate the trailer behind his present home.

Chairman Roland Black then ruled that the commission has no jurisdiction over the permit, because the zoning ordinances require that trailer homes be placed on separate lots from other housing.

The area concerned is zoned for multiple family dwellings.

Davis said he had received a letter from Fire Chief Jack Jennings, which pointed out that the firemen receive only \$1 per man for each drill or fire they attend.

This \$1 comes from the \$1,500. Jennings said in his letter, the amount was insufficient. The commission agreed and voted to raise the pay.
